CHEE CHAIR

Chee is an ornate but contemporary bent wire chair collection designed for comfort. The overlapping metal wires curve out from the frame to create a striking geometric web. This bent wire web supports the back and forms a seat that is both beautifully graphic and supremely comfortable.

Suitable for indoor and outdoor use, the Chee chair is durable and stackable making it suitable for both commercial interiors and the home.

Each design in SP01's outdoor collection has undergone rigorous testing to ensure longevity even in the harshest of environments - the Australian outdoor.

DESIGNER

Tom Fereday, 2016

MATERIALS

A bent steel rod and wire chair treated with three layers of protection: zinc primer, cathoretic dip and powder coat.

Every chair comes with a seat pad in matching colour made from EVA foam and 100% Polyester fabric Ibiza, specially treated for outdoor use.

Chair available in RAL9002 white with seat pad in Ibiza light greige or RAL9017 black with seat pad in Ibiza black.

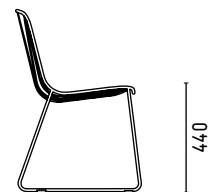

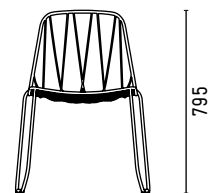

Optional upholstered soft seat cushion available in outdoor fabrics and indoor fabrics and leathers.

CHEE CHAIR WITH ARMS

This armchair is an ornate web design with a contemporary sensibility. Suffused with overlapping wires, the frame is strikingly geometric and yet designed for southern comfort.

Transformed by matching upholstery, the Chee Armchair is a bent wire chair that can be parlayed for indoor and outdoor use.

It is just as at home in commercial and residential contexts.

MATERIALS

A bent steel rod and wire chair treated with three layers of protection: zinc primer, cathoretic dip and powder coat.

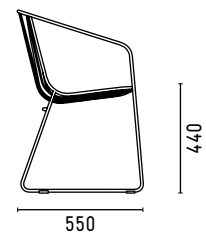

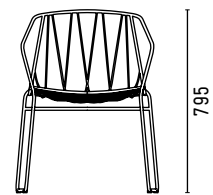

Every chair comes with a seat pad in matching colour made from EVA foam and 100% Polyester fabric Ibiza, specially treated for outdoor use.

Chair available in RAL9002 white with seat pad in Ibiza light greige or RAL9017 black with seat pad in Ibiza black.

Optional upholstered soft seat cushion available in outdoor fabrics and indoor fabrics and leathers.

CHEE STOOLS

Designed with relaxation in mind, this balcony dweller adds a mid-height stool to the Chee wire outdoor collection.

Supporting the sitter with arms, the graphic base and wire back give this stool a classic, minimal mood which helps it pair well in both traditional and contemporary settings, for home or a rooftop bar.

MATERIALS

A bent steel rod and wire chair treated with three layers of protection: zinc primer, cathodic dip and powder coat.

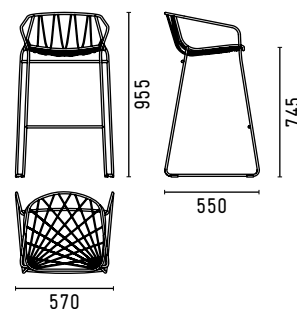

Every chair comes with a seat pad in matching colour made from EVA foam and 100% Polyester fabric Ibiza, specially treated for outdoor use.

Chair available in RAL9002 white with seat pad in Ibiza light grey or RAL9017 black with seat pad in Ibiza black.

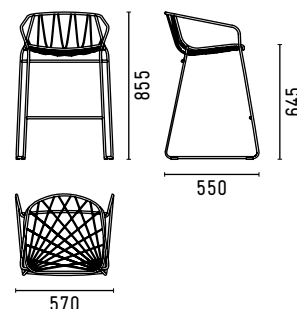

Optional upholstered soft seat cushion available in outdoor fabrics and indoor fabrics and leathers.
